## What's Happening in November

School Council Meeting via Teams .....	Nov. 8
Progress Reports Go Home .....	Nov. 10
Remembrance Day .....	Nov. 11
PA Day (no school) .....	Nov. 26

## Upcoming in December

Virtual Holiday Presentation .....	Date TBD
Winter break begins .....	Dec. 18

## Inclement Weather Days

If transportation is cancelled, information will be posted, by 6:15 am, to school Facebook pages, all UCDSB social media platforms, shared with local media outlets and emailed to all parents signed up for My Family Room.

All schools will remain open for staff and students during inclement weather days in the 2021-2022 school year.

## Dress for Weather

November can bring a mix of weather - snow, rain, sunshine, wind, etc. Please make sure your child(ren) are dressed for the weather. Packing extra mittens and socks are always a good idea!

## SCHOOL UPDATE

New masking requirements  
for Kindergarten

## Reminder

Starting November 1, Kindergarten students will need to wear masks while at school.

### For Families:

**COVID-19 isn't the only virus we all want to avoid.** A COVID-19 test may not be needed when you only have a runny nose or a sore throat but these symptoms can still spread illness to others. Don't go to school, work or visit others if you are feeling sick. Talk to your health care provider or call the School Health Line at 1-866-236-0123. Complete the school screening tool before each school day at: <https://bit.ly/3v8r8RG>

**My child had a high risk exposure to COVID-19 at school, what do we do?** Check your email for a high risk letter from the Health Unit sent by your school or school board. The letter gives instructions on self-isolation, monitoring your child for symptoms, testing, and guidance for household members. Public Health will also be calling you within a 24 hour period to review the information in the letter. Call the School Health line at 1-866-236-0123 if your child had a high risk exposure and has symptoms or if you have urgent questions.

**Urgent Dental Needs? Call Us!** Do you have a child 17 and under who is in pain or you think has a cavity? If it would be a financial hardship to pay for dental care, call us today to learn more about the free government-funded Healthy Smiles Ontario (HSO) dental program. Please call the LGLDHU today for more information at 1-800-660-5853 or visit our website at <http://bit.ly/HealthySmilesON>

### Three Neighbours Math Question

Take three numbers that are 'next door neighbours' when you count. These are called consecutive numbers.

Add them together.

What do you notice?

Take another three consecutive numbers and add them together.

What do you notice?

Can you prove that this is always true by looking carefully at one of your examples
